

Arthematic Operations - Zero to Hero Questions List

May 23, 2026

1. Add two numbers and print the sum. (*Hint: use + operator*)
2. Subtract two numbers and print the difference. (*Hint: use - operator*)
3. Multiply two integers and display the product. (*Hint: use * operator*)
4. Divide two numbers and print quotient and remainder. (*Hint: use / and %*)
5. Swap two numbers without using a third variable. (*Hint: use arithmetic operators*)
6. Find the average of three numbers. (*Hint: sum $\div$ count*)
7. Convert Celsius to Fahrenheit. (*Hint: formula $F = (9 \times C / 5) + 32$*)
8. Find the area of a rectangle. (*Hint: length $\times$ breadth*)
9. Find the perimeter of a rectangle. (*Hint: $2 \times (l + b)$*)
10. Find the area of a circle. (*Hint: πr^2*)
11. Find the circumference of a circle. (*Hint: $2 \times \pi r$*)
12. Calculate simple interest. (*Hint: $(P \times R \times T) / 100$*)
13. Calculate compound interest. (*Hint: use formula*)
14. Convert kilometers into meters and centimeters. (*Hint: multiplication*)
15. Convert seconds into hours, minutes, and seconds. (*Hint: / and %*)
16. Find the square and cube of a number. (*Hint: multiplication*)
17. Find the last digit of a number. (*Hint: $\%10$*)
18. Find the first digit of a 3-digit number. (*Hint: $/100$*)
19. Reverse a 3-digit number. (*Hint: % and /*)
20. Find the sum of digits of a 3-digit number. (*Hint: extract digits using %*)
21. Find whether a number is even or odd. (*Hint: $\%2$*)
22. Input a character and print its ASCII value. (*Hint: $\%c$ and $\%d$*)
23. Convert rupees into dollars. (*Hint: division*)
24. Calculate total marks, average, and percentage of 5 subjects. (*Hint: total/5*)
25. Calculate gross salary using basic salary, HRA, and DA. (*Hint: percentage calculation*)
26. Find profit or loss from cost price and selling price. (*Hint: compare values*)

27. Create a bill calculator for grocery items. (*Hint: quantity $\times$ price*)
28. Calculate GST and final bill amount. (*Hint: percentage addition*)
29. Find the largest of two numbers. (*Hint: comparison operator*)
30. Find the largest of three numbers. (*Hint: nested comparisons*)
31. Create a simple calculator using user choice. (*Hint: switch or if-else*)
32. Convert days into years, months, and days. (*Hint: $/365$, $\%365$*)
33. Find BMI using height and weight. (*Hint: $weight/(height*height)$*)
34. Calculate electricity bill based on units consumed. (*Hint: slab calculation*)
35. Calculate employee bonus based on salary percentage. (*Hint: percentage*)
36. Find the remainder when one number is divided by another. (*Hint: $\%$ operator*)
37. Input student details and display them properly. (*Hint: `scanf` + `printf`*)
38. Find the product of digits of a number. (*Hint: digit extraction*)
39. Calculate the area and volume of a cube. (*Hint: $a*a$ and $a*a*a$*)
40. Convert temperature from Fahrenheit to Celsius. (*Hint: $(F-32)*5/9$*)
41. Find the total number of notes for a given amount. (*Hint: $/$ and $\%$*)
42. Calculate EMI for a loan amount. (*Hint: formula usage*)
43. Find the percentage increase between two values. (*Hint: $difference/original \times 100$*)
44. Create a marksheet generator. (*Hint: total + percentage + grade*)
45. Find the middle digit of a 3-digit number. (*Hint: $/10$ $\%10$*)
46. Check whether a 3-digit number is palindrome. (*Hint: reverse number*)
47. Find the sum of first and last digit of a number. (*Hint: $\%10$ and division*)
48. Calculate speed using distance and time. (*Hint: $speed = distance/time$*)
49. Convert bytes into KB, MB, and GB. (*Hint: division by 1024*)
50. Create a mini ATM balance calculator. (*Hint: deposit, withdraw, balance*)
